Why use ACM Catappa Leaves?

Our premium Ketapang Leaves are the ultimate natural water conditioner. They are best used to create a natural "blackwater" habitat by releasing beneficial tannins and humic acids, which gently low PH and significantly reduce stress in fish like Bettas, Discus, and Dwarf Shrimp

Key Benefits:

- Water Conditioning: Gently lowers pH levels.
 - Stress Reduction: Significantly reduces stress in sensitive aquatic life.
 - Ideal For: Betta fish, Discus, and Dwarf Shrimp.
-
